The Centre for Counselling and Health Services (CCHS) is a student and faculty support service, providing emotional and psychological support, medical first aid and basic health services. CCHS helps students to adapt to the dynamic environment and

harnesses the best of their resources, enabling them to achieve their academic, personal and emotional goals.

The services provided by the Centre are professional activities wherein the counsellors and medical team strive to create a safe and congenial atmosphere for the students and staff. The Centre has a calendar of activities to promote healthy behaviour and positive living skills.

Each School, depending on the student strength, has one or two counsellors assigned to them. The Counsellors are available from 9.00 am to 4.30 pm on weekdays and 9.00 am to 1.00 pm on Saturdays, while the Health Centre facilities are available from 6:30 am to 6.00 pm on weekdays and 7:30 am to 1:15 pm on Saturdays. Students have free access to the dedicated counsellors during the working hours, to overcome their personal and psychological stress in learning and other related areas. During the pandemic, many services were adapted to suit online mode of delivery.

It is common knowledge that unresolved problems can impact a student's academic performance and personality development. The Centre endeavours to provide a nurturing environment wherein students are empowered to face life's challenges while achieving their academic goals.

The major activities of the Centre include:

Induction counselling:

This is an interactive session with the counsellor, during which the new students who are admitted to the University and their parents/ guardians are oriented to the Campus Culture and Academic Practices followed at the University.

Psycho-Education Sessions:

CCHS conducts several interactive sessions for all the first- year Undergraduate students to equip them to sail through the new

phase of life and prominent issues of youth like managing relationships, self-esteem, body image etc. and motivating them to make healthy choices in life. These sessions also help the student become familiar with their batch counsellor and develop a rapport with them.

Peer Education:

Peer Education is an important student intervention of the Centre. The students who are specially trained as Peer Educators work as volunteers alongside the counsellors, run life-skill based initiatives and also take the lead in organising and implementing awareness programmes

Students selected from among the second-year undergraduate programmes to be Peer Educators undergo a Certificate Course on Peer Education to enable them to reach out to fellow students effectively.

The Peer Educators undergo intensive training on topics like Life skills, Inclusiveness and Personal Safety through lectures, role plays, interactive sessions, group projects, field trips and mentoring sessions.

Academic Counselling:

The counsellors regularly monitor the attendance pattern of each student and invite them to discuss the reasons that keep them from attending classes. The counselling team consistently collaborates with the academic departments to identify slow learners and less motivated students and arranges remedial tutorials and peer learning. Counsellors also meet students who have underperformed in their End Semester Examinations, to assess their study habits and areas of difficulty and mutually arrive at strategies to overcome them efficiently.

Awareness Programmes:

Enrichment programmes are organized by CCHS to create awareness on healthy lifestyle behaviours, disability challenges, substance abuse, positive mental health, personal safety, first aid and relevant health-related topics. These sessions provide an open platform for students to share their opinions and experiences, which influence their health and well-being.

Personal counselling:

The Counselling approach by CCHS involves both walk-in (voluntary) counselling and the referral of the students by the faculty. Regular student-counsellor interactions enable inclusiveness to the student life at the University. Students often approach the counsellors for solace with any stressors or problems.

Special mentoring for International and NRI Students and Students with Disability

Counsellors help in providing a warm and welcoming environment for the international students, NRI students and students with disability by reaching out to them in various ways. Multicultural counselling services are provided for the International and NRI students. Students with disabilities receive individual support from the Counsellors, starting from the time of admission, extending through their course.

Parent meetings:

The Centre organises two parent meetings every academic year, involving faculty and senior members of the University, including the Vice Chancellor and the Registrar. These are interactive sessions aimed at collecting constructive feedback from the parent community.

The Centre conducts a number of programmes aspiring to fulfil the Graduate Attributes defined by the University. Regular interactions

enable inclusiveness to student life at the University, making the students feel nurtured and cared for.

Community outreach programme:

The outreach programme is a new initiative by CCHS counsellors and nurses, designed keeping the Vision, Mission, Core values and Graduate Attributes as the guidelines to empower and support the Housekeeping Staff, Supervisors and Security Staff. The team conducted empowerment programmes for these staff. It also collects feedback and explores support for job opportunities for family members, tuition fee support for their children, Self-Help Group enlisting, medical care access, and financial literacy.

First Aid and Basic Health Care:

The University has Health Centres in strategically placed locations on all its campuses. These Centres administer prompt first aid and basic health care services as needed on campus, while raising awareness on current and relevant health concerns in and around the CHRIST community, with the aim of enhancing the overall health and productivity of the students, teaching, and non-teaching staff, by ensuring good health and providing basic medical care. In case of emergencies requiring further care, the patient is promptly transported by the Health Centre team, through the University ambulance, to the nearest tertiary care hospital.

The Health Centre organizes periodic relevant Health Awareness Programmes and disseminates health information and advice especially in the event of an outbreak of any disease.

16. Centre for Social Action

Centre for Social Action (CSA) is the development action wing of CHRIST (Deemed to be University) with a clear mandate to coordinate social sensitization programmes for students and undertake community development projects for marginalized communities. CSA provides students with an opportunity for practical engagement with these challenges and issues, in a critical framework based on values of equity and social justice that recognizes the imperative for development in terms of material needs as well as other dimensions of human well-being. CSA addresses the issues related to child rights, socio-economic development of women, youth and farmers, community mobilization and environmental/climate change issues.

Vision and Mission of CSA

The Vision and Mission of CSA are in tune with the Vision, Mission, and Core Values of the University.

Vision: Every student is aware, sensitive, and empathetic and contributes to sustainable changes in society.

Mission: CSA is a centre for promoting volunteerism and enabling students to develop as socially responsible citizens through developmental initiatives.

From a humble beginning way back in 1999, where 48 school-going children from the urban slums in Bangalore were sponsored by Christites, CSA has indeed come a long way. At present, CSA, through its 15 development programmes, has its footprints in 7 slums and 139 villages across Karnataka, Telangana, Maharashtra, Uttar Pradesh, Kerala, and Chhattisgarh. The Development programmes primarily focus on children and women.

Programmes and Projects of CSA

Child Sponsorship Programme: Also called 'Educate a Child Sponsorship Program', is the flagship programme of CSA, where children belonging to poor and marginalized families from three slums in Bangalore are sponsored every year exclusively by the students and staff of the University. The sponsorship is for their education and life skills development. Volunteers of CSA assist them in their studies throughout the year. Nutrition, health care and life skills development opportunities are provided in addition to various enhancement programmes. CSP has extended to serve Government Schools and Foster Homes in the year 2019-20 by touching the lives of as many as 841 children.

Children's Activity Centre (CAC): CAC is an intricate system of providing value education to underprivileged children, and consequently sensitizing student volunteers about the ground realities of those from the economically weaker sections of the society. Student Volunteers conduct sessions and take tutoring classes for the sponsored children so- as-to improve learning levels and cognitive skills of the children. Classes are conducted on life skills, soft skills, personality development etc. Major events like talents day and sports day are also conducted by the students for the sponsored children. Students from various departments take part in such activities.

Exposure Programmes for Social Sensitization: CSA volunteers are taken to slum communities, NGOs, and institutions. They are given exposures to the poor and marginalized sections of society like children and women in distress, children and persons with disabilities, HIV/AIDS infected and affected children. The rural visits make students aware of the rural realities. It gives an opportunity to witness and interact with different stakeholders regarding rural issues, urban developmental issues, educational support programmes, life and conditions of slums, Self Help Groups, Child Nutrition and Health Care, land development

activities, waste management etc. Students are given exposure to rural realities and encouraged to realize their roles as “agents of change” in the society.

Social Responsibility Week: It is an annual event organized by the Centre for Social Action at the Bangalore Central campus that extends over a period of one week. It is organized in collaboration with NGOs, Volunteering Forums and Social Work organizations. It is a common platform where students from all the academic departments of the University participate. The primary objective of Social Responsibility Week is to sensitize the student community about contemporary and emerging social issues or concerns, thus enabling them to become socially aware and active. Based on a common theme, activities, sessions, and competitions are organized by the departments and special exhibitions are put up by the partner organizations.

Observation of Important Days: Important days such as International Women’s Day, World Environment Day, and World AIDS Day etc are observed by CSA volunteers. These days are occasions to educate the students and the general public on issues of concern, to mobilize public will and resources to address local and global problems, and to celebrate and reinforce achievements of humanity. This creates awareness among the student community and motivates them to get involved in social developmental initiatives.

Drishti: “Drishti” means ‘The Vision’, the theatre team of the Centre for Social Action, was born with the mission of spreading awareness about various social issues in the University and in a larger framework, the society, regarding burning social issues, through different forms of theatre. The team reaches out to the students and the public by performing street plays on social issues in institutions, college campuses, villages, slums, NGOs, shopping malls and so on. Child Rights, Women Empowerment,

Environment, Road Safety, De-addiction, and Mental Health are some of the themes on which street plays are being performed.

Media and Communication Team: The Media and Communication (M&C) wing of the Centre for Social Action is mainly involved with the documentation of all events in CSA. It is the link that connects all Christites, CSA volunteers and Social Work facilitators. M&C Wing holds discussions upon contemporary issues and ventures out on photo-walks around the city documenting the lives of people which is also displayed in photo-exhibitions. The Wing comprises a cohesive team of pupils who work together in the background for all activities of CSA. The team publishes an annual magazine 'We Care', which contains articles, poems, cartoons, posters, essays, etc pertaining to various social and development issues to create awareness among the student community. The team also updates the CSA blog, produces short documentaries, facilitates photo-walks and anchors interactive group sessions on contemporary social issues through a forum called "Chat over Coffee" (COC).

Prayatna: Prayatna is the wing of CSA that aims at addressing environmental issues as a strong platform. With the main focus on sensitizing Christites and other citizens, CSA volunteers and students of the University, with the support of academic and non-academic departments create awareness about environment and climate change issues among the student community. Paper recycling, handmade recycled paper products, organic and food composting, biogas and waste-water treatment and recycling units have been set up to promote zero waste and sustainable environment in the campus.

Solid Waste Management Programme: Centre for Social Action implements a waste management programme in the University campuses, thereby creating zero waste and environmentally sustainable campuses. Livelihood option for low-income households has been created in the process. Paper recycling, handmade recycled paper products, organic and food composting,

water treatment and recycling and biogas units are functioning in the campus. A unit called “Parivarthana” is established to promote and market handmade recycled paper products made from recycled paper and materials by women from low- income groups.

Field Work Placement for Social Work Students: CSA supports Post Graduate students of Social Work for their fieldwork placement. The idea is to share the expertise of CSA with the students by involving them in the social development project areas of CSA. Students from CU and other colleges and universities from across India and abroad are trained at CSA.

Certificate Programme: Centre for Social Action is facilitating a mandatory choice-based and non-core certificate programme for the University students. The course is titled “Youth and Social Responsibility”. The duration of the course is one year. To enrol in the programme, an aspiring student should have completed one year of volunteer work at CSA and a mandatory certificate course during the first year. The course aims at developing students as socially responsible individuals and instil leadership qualities in them.

Service-Learning: In collaboration with various departments of the University, this attempt is to integrate academic learning with community service as a pedagogical tool. The practice would enable students to learn their subjects effectively and also develop a service-oriented mentality. Service-Learning helps students undertake developmental activities at the institution and the community level which enrich their academic learning process. CSA coordinates capacity building programmes with respect to Service-Learning for students and faculty members of the University.

Community Development Projects: At present, CSA, through its development programmes, has its footprints in seven urban slums in Bangalore, Cochin and Ghaziabad and 139 villages in Karnataka,

Andhra Pradesh, Maharashtra, Kerala and Chhattisgarh. With respect to the rural and tribal areas, the community development programmes are primarily child focused with emphasis on sustainability of the benefits accrued by the children and their communities. This is achieved through components such as Early Childhood Care and Education. Health and Hygiene, establishing strong and sustainable Community Based Organizations, Livelihood Promotion and Environmental Awareness and Protection.

21. Praveen Kenneth Chair on Leadership

The leadership chair was set up as part of an initiative of the former Vice Chancellor - Fr Thomas C Mathew and an alumnus of CHRIST (Deemed to be University) Mr Adman Praveen Kenneth. Mr. Kenneth wanted to give something valuable back to the Institution that had positively influenced him through his journey of success. Being a staunch believer in the philosophy that everyone can be a leader, Mr Praveen Kenneth expressed his desire to set up a leadership chair to bring real leadership to the forefront of conversations and engagement and to create awareness among the students at the university of the importance of personal and social leadership, in their lives and thereby contributing to societal demands. The chair is supported by veteran Adman Praveen Kenneth, Chairman of Elohim, and Kenneth Ventures Pvt. Ltd and founder Chairman & Managing Director of Law & Kenneth Saatchi & Saatchi, with a vision to bring leadership to the forefront of conversations and engagement. The philosophy that drives the chair is succinctly captured in this quote by Praveen Kennetha,

“Ask yourself- Is it possible to be who you want to be in life? It is. I was very clear I didn’t want to be denied in this life. The world doesn’t doubt and limit you. People doubt and limit themselves. You are your own enemy. Become your own best friend, be ambitious, work extremely hard...and your life will change.” - Praveen Kenneth as reported to Ashiwini Gangal, in afaqs!, 2017.

23. Office of Strategic Planning and Implementation

Strategic Plan Office is responsible for formulating academic strategy of the University and its constituent departments/schools, The Strategic Plan employs a bottom-up approach thereby providing an opportunity to departments/schools to set their own

goals and identify the required resources for implementation of the plan.

Currently Strategic Plan for the Plan Period 2018-23 (SP 2018-23) is in operation and in its third year of implementation. Based on the experience of the first two years of implementation of the plan, few strategic goals have been modified for the year 2020-21. Certain goals have been included in the plan owing to more focus on the online teaching-learning environment to make it more student centred.

SP 2018-23, a five-year plan, consists of two parts. First part (Part1) provides goals in relation to “Mega Trends” and the second part provides for deployment of the plan (Part 2).

The Office also conducts annual academic audits of all the departments based on metrics used by NAAC, national and international ranking agencies for quality assessment. The Academic audit is conducted during the month of April every year. The University has developed its own audit instrument for the academic and administrative audits. Key quality indicators such as Curriculum Development, Teaching-Learning, Academic Community, Research, Consultancy and Extension, Infrastructure and Learning Resources, Student Support and Progression are covered for auditing.

The audit committee, by collection and analysis of data submitted by departments/schools, makes recommendations to enhance quality in all aspects of higher education.

Audits of administrative departments and various centres of the University are also being audited annually.

At the end of the academic audit, a comprehensive Report of the audit is submitted to the Vice-Chancellor for necessary action.
